

Furniture (bench, waste bin, shelter...)

(technical specification)

J2825

1- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

2- **Injection moulded polyamide fixings** connect the posts with the platforms and the various play features. They are non-toxic, flameproof and U.V. resistant. The thickness of the polyamide makes the equipment both strong and vandal resistant.

3- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
