

(technical specification)

**J5904**

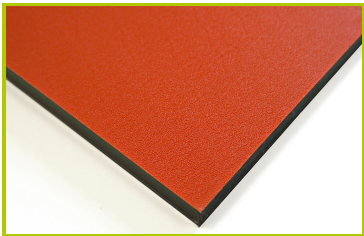

1- **The 125mm diameter posts** are made of painted galvanised steel. The grained finish has a slightly undulating surface for increased scratch resistance. The caps are made of rotary moulded polyethylene.

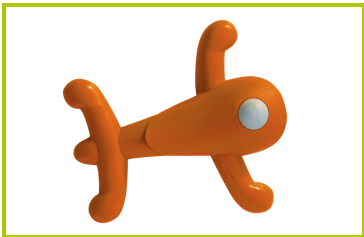

2- **The coloured panels** are made from a 13mm thick compact material (HPL). Robust in construction, it has excellent weather and vandal resistance properties.

3- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

4- **The platform floor** is made from a 18mm thick, non-slip polyethylene material.

5- **The climbing holds** are made of polyamide for its strength and rigidity.

6- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
